

Velcro Grip Tie 12mm Black 10 metres

Product Brief

The Velcro Cable Roll is a reusable cable tie solution designed for cable and wire management. With a 12mm width and a length of 10 meters, this Velcro roll provides a secure and customisable hold for a variety of cable and wire sizes. The Velcro design allows for easy adjustment and reuse, making it a more cost-effective and eco-friendly solution than traditional cable ties.

Features

- 12mm width for secure hold on a variety of cable and wire sizes
- 10-meter length for customization to fit any project
- Velcro design allows for easy adjustment and reuse
- Made from high-quality materials for durability and strength
- Ideal for both home and commercial use
- Black colour for a sleek and professional look

WARRANTY

12 months
