

Model: WCPM15
15W Wireless Fast Charging Pad

Qi Certified

Certification program ensures this charger has passed rigorous tests to guarantee safety, compatibility and energy efficiency.

Compatibility

- iPhone 15 Series
- iPhone 14 Series
- iPhone 13 Series
- iPhone 12 Series
- iPhone 11 Series
- iPhone X/8/SE Series
- Samsung S21/S20/S10/S9/S8
- Samsung Note 20/10/9
- Google Pixel 6/5/4/3
- Xiaomi Mi 11/10/9
- Huawei P40/P30

Features

- Super slim zinc alloy design with cloth charging surface
- Supports 10W wireless fast charging for compatible devices such as Samsung Galaxy Series and more
- Supports 7.5W Apple wireless charging for iPhones with wireless charging
- Supports 15W wireless fast charging for NextGen fast charging
- Supports 5W standard wireless charging for all Qi enabled devices
- Charge your AirPods, Galaxy Buds or and other headphones that support wireless charging
- No need to remove your protective case. Works with most cases up to 3mm thick
- LED indicator to show charging status
- Smart IC enables energy saving mode when device is fully charged
- Full safety protection for your devices with Qi certified temperature control, strict voltage regulation & short circuit protection
- Includes 1.5m USB-A to USB-C cable, does not include USB wall charger

Operation

- Using the included USB-A to USB-C cable, connect the wireless charging pad to a USB wall charger (not included)
- The red LED will illuminate to indicate the charging pad is powered on and in stand-by mode
- Place your phone on the charging pad and charging should start automatically and the blue LED will illuminate
- If the blue LED does not illuminate your phone is not in the correct position and is not charging
- If your phone does not start charging, move your phone until the blue LED lights up to indicate charging has started
- When your device is fully charged, the Smart IC enables energy saving trickle charge mode

Please Note: When wirelessly charging a device, the wireless charger and your device may feel warm. This is a normal operating condition and should not be cause for concern.

Specifications

- Wireless Standard: WPC/Qi (v1.2.4)
- Input: DC 5V/3A 9V/2A 12/1.67A
- Wireless Output: 15W / 10W / 7.5W / 5W
- Total Output: 15W (Max)
- Working Frequency: 110 to 205KHz
- Charging Distance: 3 to 8mm
- Charging Efficiency: >70%
- Size: 99mm (W) x 8mm (H)
- Weight: 129g
- Certifications: Qi, RCM, RoHS

Important Safety Instructions

- Only use original or reputable third party chargers and cables
- Do not get wet to avoid causing short circuit damage and leakage
- Do not use in extreme hot, humid or corrosive environments to avoid short circuit damage and leakage
- Do not place too close to magnetic strip or chip ID card to avoid magnetic failure
- Do not place within 20cm of implantable medical devices (pacemaker, cochlear implant etc.) to avoid potential interference
- Do not clean with harmful chemicals or detergents
- Misuse, dropping or excessive force may cause damage to the charging pad
